On the one hand, you will practice pronunciation and learn new vocabulary, and on the other, by reading the letters, you can identify the parts of the speech that you are already familiar with. Christmas traditions are great in Spanish and Hispanic cultures, and most people decorate their homes with mangers as well as with trees. The Hispanic tradition requires the novena or posed, the nine nights before Christmas Day, when you meet friends and family, read prayers of a novenario, eat a lot of good food and, of course, sing many songs. These novenas occur in family homes, but some neighborhoods house them in open spaces. This collection of seasonal songs contains some that are commonly sung in novenas, but also in the church during Christmas celebrations, particularly during Holy Mass which takes place on December 24 at midnight (remember that for most Hispanics the great Christmas celebrations take place on Christmas Eve and not on Christmas Day). Below is an index of links to popular Christmas songs in Spanish, also known as villancicos, paired with their English versions. Note that in some cases the translations listed here are not the only ones available, so don't be surprised if the Spanish lyrics aren't the same as you've seen elsewhere or sung before. For example, Silent Night, Holy Night was translated as both Noche de peace, Noche of love and Noche of light, noche de peace. Also note that in some cases translations are far from literal: anyone who has translate songs will understand why it is so difficult, as it requires the meaning of the song, song, and rhymes to be transmitted in the resulting translation. Some of the songs include a grammar and vocabulary guide for use in the classroom or personal study. With the exception of the English version of Los Peces en el Río (original for this site), all these songs are in the public domain, so feel free to share them with your classroom or music group. Write Down all the new vocabulary you learn, and conjugate every new verb in every time you already know. There is no better way to learn than through catchy songs!
